### **Just Released: The 2021 All Court Fabrics Tennis Catalog**

Chicago, IL February, 2021 --- All Court Fabrics has released its 2021 tennis catalog, which highlights its tennis windscreen, padding, and netting products. Promising upgrades for 'every part of your courts' the catalog has increased both products and pages to better introduce customers to its tennis product lines.

"Tennis windscreen has always been our best seller," says Teri Wysocki, All Court Fabrics's Sales Manager. "Especially printed tennis windscreen. But over the years our tennis product line has grown to the point where we need to put out an annual catalog to help customers discover the full range of our stadium products."

Tennis windscreen, All Court Fabrics most popular tennis product, now comes with even more options - more materials, colors, and print options. Along with its industry leading 5 year 'No Fade' print warranty, All Court Fabrics can now offer a full range of options to its custom windscreen manufacturing customer segments such as athletic stadiums, tennis court facilities, baseball fields, and large scale events.

"We feel we now can pretty much fulfill any type of tennis windscreen project," says Teri Wysocki, All Court Fabrics's Sales Manager. "Given our range of material and color choices, and the print options we now offer, we really can offer the best value tennis windscreens to our customers."

Considering colors is one aspect of athletic screen purchasing often overlooked by potential buyers, as they tend to consider the standard black and green most often installed on fences. But Wysocki says that with over 10 vibrant color choices, customers are wise to consider using something brighter that will stand out.

Custom fabricated padding from All Court Fabrics is another popular tennis stadium upgrade. Whether safety wall and fence padding or custom fabricated rail or post padding, All Court Fabrics offers varying levels of padding thickness, material color, as well printing.

I-beam, and light pole padding, available in multiple colors offer both safety and aesthetics to tennis court facilities

The new All Court Fabrics catalog also showcases its custom fabricated safety netting. Divider netting is an excellent way to manage player safety and management. Available in multiple grades, it's a fast and high value courts upgrade.
