## PermaScreen 70 | Tennis Windscreens

Permascreen 70, vinyl coated polyester, is our most durable and popular tennis court windscreen. This material is currently in use at many professional tournaments, including the US Open Series: New Haven Open, Western and Southern Open & Sony Ericsson, as well as clubs, universities and high schools across the country.

This material will absorb years of day to day wear and is virtually impossible to rip. Available in 10 vibrant, UV resistant colors. Always in stock for fast, custom fabricated turnaround.
